

# SHARED WATER: The Future of Water Resiliency and Security

**Film screening and panel discussion**

**April 16, 2026 · 4:30–6:00 PM**

**ENR2 S107 and Zoom**

Light refreshments will be provided.

Please Register

Please join our transdisciplinary team of research, government, and industry partners for a special screening of the documentary *Flowing Forward: Shared Water* featuring University of Arizona environmental engineers Andrea Achilli and Kerri Hickenbottom. Stay to engage with Emmy-winning director Daniel Druhora and a panel of experts in the science and policy of grand water challenges in Arizona.

With opening remarks by Kim Patten, Senior Associate Vice President for Research & Partnerships, and Dean David W. Hahn of the College of Engineering.
